A Word from Our Travel Manager

Our motto, 'We go the extra mile' could not be more fitting for a travel company, but it is also appropriate for the efforts and commitment of our dedicated and experienced travel team when creating our tours. Our motto also reflects the way we fully pack our tours with inclusions, and the 'above and beyond' efforts of our tour staff. I am proud to offer such a broad range of tours throughout Australia and the world this year. I hope that this edition of Stonestreeets Destinations inspires you to travel and explore and I look forward to welcoming you to our tours in the future.

WHY TRAVEL WITH STONESTREETS?

YOU'RE IN GREAT HANDS

It's easy to take driving ability for granted, but the true skill of a talented coach captain is revealed while safely navigating a 40 foot, 15 tonne coach, loaded with 50 passengers through the narrow streets of Sydney, while cracking a joke and pointing out the most interesting sights. We are proud of our highly qualified, skilled and experienced Coach Drivers, like Peter Williams who ensure a safe and comfortable journey, and add a little bit of character to our tours.

That's why on our tours you'll find most of the meals and all of the attraction entry fees and ticket prices are included in the price of the tour. We do offer some optional extras along the way for those who want to experience something unique, which lowers the cost for everyone else.

ENVIRONMENTALLY SUSTAINABLE TOURISM

Having adventured with thousands of travellers to countless natural wonders in Australia and around the world, we understand that conservation of our planet and its marvels for future generations, is of the highest importance. We keep sustainability in mind when we develop our tours, by carefully planning efficient routes, ensuring proper maintenance of our vehicles and minimising physical impacts on the natural environment.

WHAT TO EXPECT

Expert Guides

On a Stonestreeets Tour, our guides and drivers 'make the journey the experience' by embodying our ethos of always 'going the extra mile'. You'll always find our crew to be friendly, helpful, accommodating, and always willing to share a joke or two. We ensure that our experienced team are knowledgeable about the destinations on their tour and know where to find the 'hidden gems' along the way.

Eat Well

On tour, you can relax and take in the sights and not have to worry about finding somewhere to eat or budgeting for food along the way. We prearrange special dining experiences on our trips and include most meals in the tour price to make our tours deliciously good value.

Comfortable Transport

In a country as big as Australia, simply getting there can be half the challenge. We make travelling relaxing and comfortable with our fleet of modern, air-conditioned and well maintained luxury and 4x4 coaches.

Luxury Coaches

Our luxury coaches feature all the creature comforts to make your journey relaxing and comfortable, including cushioned reclining seats with ample legroom, seat belts for safety, air-conditioning, curtains and tinted windows for comfort and speakers for music and guided commentary along the way. Offering more to see than most cruise ships, and a more pleasant experience than a plane flight, we think travelling aboard a luxury coach is the best way to see Australia.

4x4 Coaches

Some of the greatest sights and experiences in Australia are found at the end of a rough, corrugated and dusty road, or, on the other side of a river crossing in a harsh or inhospitable environment. Navigating the difficult Australian terrain requires a tough purpose-built machine, like one of our MAN 4WD off-road coaches. Just because the roads are rough, doesn't mean that the ride has to be! These mighty machines ride high above the ground on independent suspension, which smooths out the bumps, so you can sit back in comfortable cushioned seats in air-conditioned comfort and enjoy the stunning views.

TRAVEL IN COMFORT

Our tour coordinators and guides work hard to plan enjoyable tours for travellers of all ages and levels of fitness. Rest assured that all of our included experiences are optional and you'll never have to partake in any activity that you are not completely comfortable with. In this brochure we utilise a physical rating to help you choose a tour that suits you. If in doubt, speak to our expert travel team about assessing how well your level of fitness matches your choice of holiday.

PHYSICAL RATING: ●●●●●

Steady: A more heart-pumping trip for those with a moderate level of fitness. May require: Some walking or walking tours, uneven or unpaved ground, some stairs. Some early starts. Some unpaved road driving on 4x4 tours. Time outdoors in the elements.

PHYSICAL RATING: ●●●●●

Energetic: More challenging tours requiring a good level of fitness. May require: Extended walks, bushwalking or hiking, flights of stairs, unpaved road driving on 4x4 tours, extended continuous travel, and early starts.

Sharing With New Friends

Another great part of the group tour experience is sharing your holiday with others. We frequently receive feedback from travellers who say that travelling with like minded people was a highlight of their journey. Our wide range of tours ensures that we cater to diverse interests, meaning that every tour will have something for everyone, and you'll always have someone to share the experience with. Our tours are all inclusive, so you won't find any "18-35's" or "Over 50's" limitations when you book with us! We never say anyone is too old for our tours; if the doctor says go, then let's go!

SHORT ESCAPES

Reinvigorate and re-energise yourself with a short holiday to one of these great destinations and relax, unwind, explore and enjoy a host of fantastic experiences.

Whether you desire to explore one of Australia's most spectacular cities, or you would prefer a relaxing and scenic escape to a remote island paradise, we have a short escape to suit every traveller's whim.

Our Short Escape tours are 7 days or less and showcase the very best that every destination has to offer. Each tour is escorted from start to finish by one of our friendly and knowledgeable hosts or hostesses who will lead you from one amazing experience to the next.

We know that a good holiday includes plenty to see and do, while also leaving you time to just stop and relax. Our tour

coordinators ensure that even our shortest tours will include plenty of free time to explore at your own pace, or just sit and take in the scenery.

Many of our tours are highlighted by an event such as the Melbourne Cup, the International Flower and Garden Festival or the Elvis Festival. These Short Escape tours are designed to compliment the festivities by making the most of the journey and showing you the other sights and highlights nearby.

This year we have coordinated our largest and most exciting range of short escapes ever!
